One good thing about our \$1.00 Hair Brushes is they contain more real French bristles than any other dollar brush. Then too, the bristles are fastened as securely in solid backs as brushes you have been paying \$1.50 and \$2.00 for. Of course we have brushes at all prices, but we recommend this \$1.00 brush as being extra good value.

**RAILROAD COMMISSION**—The railroad commission has arranged for the holding of general sessions this year on the third Mondays of April, June, August, October and December. On these occasions all corporations, municipal or otherwise, commercial bodies and individuals, who care to do so are invited to be present and file complaints. The first meeting will be Monday, April 19.

**"THE ONLY GIRL"**—Arrangements are being made for the production of this clever eastern comedy success by local talent in the near future. P. F. Minnell, an active theatrical manager of the east, who is sojourning in the city, has consented to assume the direction of the production. The cast is composed of the most talented amateur players in the city, assisted by several professional people.

**SALOON SOLD**—The Hoffman saloon on Center street has changed hands. Jack Gibson sold out yesterday to Wilson and Gamble, who will conduct the place in the future. Mr. Wilson is a recent arrival in the valley and hails from Goldfield, Nev. His partner has been here some time and has been engaged in the orange business. The new firm will take charge as soon as an inventory of the goods can be made.

**CHILDREN'S ENTERTAINMENT**—Friday evening at 7:30 o'clock the members of the King's Herald, the children's missionary band of the First Methodist Episcopal church, will give an entertainment in the church consisting of a music and literary program and the serving of refreshments by little girls in Japanese costumes. The function is under the management of Mrs. J. A. Geisinger and the proceeds of the entertainment, which will be a good one, will be donated for the support of a little girl in China.

**MORE VANDALISM**—H. J. Hanson recently bought a couple of lots on Third avenue and Van Buren streets and improved the same by planting several young trees. Yesterday morning on going to his recently improved lots he found that his trees had been pulled up by the roots and left to die.

The perpetrator of this criminal act is not known or he would be properly punished, but it is deplorable that such things can be done and the guilty party escape. There are too few people at the best who do plant trees, and it would appear that the least that other people can do would be to let the lives ones alone when they are trying to do something for the country.

**MR. NEWELL IN THE FIELD**—It is understood that Frederick H. Newell, director of the reclamation service, is now on a tour of the projects under construction in the southwest and may be in Phoenix next week.

**WENT INTO SECLUSION**—William Rogers, a stranger and a respectable appearing man, was before Justice Johnstone yesterday for indecent exposure and was sent to the county jail for fifty days.

**HE PACKED A GUN**—Jose Ramirez was before Justice Parker yesterday on the charge of carrying a concealed weapon. There was no defense, for the gun had been taken from his person by the arresting officer. He was sent to jail for ten days.

**DUNCAN - PHILLIPS**—Charles A. Duncan and Miss Emma Phillips were united in marriage yesterday morning by Justice Johnstone in the presence of a few relatives and friends. Mr. Duncan is a resident of the city. The bride lived at Glendale.

There is a reason for it. We would like to show you our "Grover's Soft Shoes" for tender feet.

**RETURNED HOME**—Mrs. M. H. Casteline, a former resident of this city, who, with her little daughter, has been visiting her aunt, Mrs. William Gibson, left last night for her home in Los Angeles. Mr. Casteline several years ago was a well known contractor of this city.

**BOUGHT A HOME**—R. L. Balke, proprietor of the Big Cupio store, has bought the residence where he has been living for the last six years, at Fifth avenue and Van Buren street. The price was not made public, but Mr. Balke said that he had paid in rent about three-fourths of the purchase price.

**RELEASED ON TRIAL**—George Deiters, who had been taken up on suspicion of insanity, was given a hearing in probate court yesterday and was discharged, at least temporarily, pending further evidence, which can be furnished only by the defendant himself. He was directed to report to the court from time to time that his condition may be studied.

**LARGE REGISTRATION**—There have been up to date about 1,400 names registered for the spring election, which would indicate that the final registration will reach 2,000. The registration for the election two years ago was 1,627. In spite of the fact that the new law requires an ability to read the constitution of the United States, thus disqualifying many Mexicans and others, the registration will be far in excess of that of two years ago.

**DATE OF THE BRIDGE ELECTION**—All the agony which has resulted from the bridge controversy will be at an end on the night of May 22, for though no election has been called and the supervisors will take no action on any of the petitions until next Monday, it may be stated that the board will then call an election and fix May 22 as the date of it. That date will leave as much time between the date of calling it and the time of holding it as the law allows. Therefore anxious citizens will not have long to wait to find out whether the bridge which will span the Salt river will be at the foot of Center street, at Tempe, at both places, or nowhere.

**COMPANY B ELECTION**—First Sergeant Lyman La Tourette of Company B, N. G. A., was elected to the second lieutenantship at a meeting of the company on Tuesday. There were three candidates for the position, Quartermaster Charles Morse, Sterling Price and La Tourette. On the first ballot Morse was eliminated and on the second La Tourette received twenty votes and Price ten, and the former was declared elected to the position and given three cheers. About thirty members of the company were present. In order to obtain recruits for the company a contest was announced by which the member who brings in the largest number of recruits before July 15 will receive a \$5-caliber Colt's revolver as a reward.

the time they were both Missourians, and who has been in Bisbee for the last six months, has been here for two or three days visiting Mr. Etter and looking over the country. Mr. Haigler says he will probably be here for the next four or five months and may remain permanently. He is a farmer born and bred, though he is also a carpenter and engineer, having been employed in those trades in Bisbee. He says he has been all over the west and freely admits that he never saw any place he likes so well as this valley. Best of all he has had no rheumatism since coming here, although it has been his companion most of the time elsewhere.

**MISUNDERSTOOD AT FIRST**—Jose Figueroa, a rheumatic Mexican, was before Justice Johnstone yesterday on the charge of being an incubus on the Logan family. He had been ordered away, but he persisted in returning in such a violent manner as to constitute a disturbance of the peace. Figueroa admitted all that had been said against him and, while the court was deliberating whether to give him ten days, or thirty, Figueroa said in Spanish what Constable Murphy understood to be a suggestion that he be given sixty days. It was thought

at the time that he wanted a long time for the reason that he had no other place to go. While the court was considering the request the Mexican surmised that he had been misunderstood and repeated that if he should ever be seen about the Logan household again that he wanted sixty days. The matter went over until this morning.
